I will find out if Pete is planning to be there. He lives in Long Island. It is late for me to try to get travel approval at this late date, but I will see what I can do. Do you also plan to be in the area on tuesday during the day, or do you plan to arrive just in time for the evening meeting.

Thanks,
-Carol-

Carol,
Somebody from EPA should be present at the RAB meeting. We (Jim, John, Dan Steve, Steve Karpinski and I) are going to be present.

Hi Henry and Steve - As I haven't heard back from either of you, I most likely will not plan to be in Bethpage next Tuesday. I hope that things are going well up in Albany.

Regards,

Hi Henry and Steve - I was wondering if you might be planning to travel to the Bethpage area next week for the RAB meeting on Tues, Aug 11th. I was thinking of possibly attending part of the RAB meeting, since the q/a session starts a lot earlier than for previous meetings. I probably could travel to the study area on Tuesday during the day to say hello and perhaps to look at some of the work that is being done. If you plan to be there on Tuesday, and you have some time to meet for a while to talk, please drop me a line and I'll try to get the paperwork in for the trip.

Unfortunately, I haven't had the chance to visit Albany for quite awhile, since the Navy-Bethpage project currently is my only New York assignment, and the meetings tend to be downstate these days.

Regards,

-Carol-
